

RISHIRI HAIR CARE TREATMENT

*HAIR COLOR TREATMENT * POINT HAIR COLOR *
* HAIR MIST * SILICON FREE SHAMPOO *

Why Rishiri seaweed for hair care line?

Seaweed is known in Japan as highly effective for hair care, because Seaweeds contain rich minerals which help hair to grow healthy, glossy and protect hair from damages.

Moisturizing Effect is needed.

Natural ingredient "Laminaria Ochotensis Extract" (seaweed) is great moisturizing ingredient.

Squeeze on to hand and apply.

Color image

Rishiri Hair Color Treatment has 3 color variations. Glamorous but natural finish black. Refined but subdued finish dark brown. Light, bright finish brown. Use the colour in the image to match your hair color or the color you would like to achieve.

Rishiri Hair Color Treatment (Contains hair cap) NET.200g JPY 1,900

Semi Permanent hair color

Rishiri kelp contains rich minerals. According to some reports, eating kelp helps to keep thick and glossy hair. This product provides a long-lasting moisturizing effect and abundant vitamin E. Also contains natural LAMINARIA OCHOTENSIS EXTRACT, a new type of hair colorant gentle for the damaged hair and scalp. Taking care of grey hair with the rishiri hair color treatment. It is popular amongst all over the world regardless of age or gender.

Apply After shampooing, dry your hair with a towel, squeeze an appropriate amount onto your hand and apply liberally from the hairline or parting throughout your hair.
Wait After application, put on the cap to enhance the permeation of the hair color treatment. Wait for 10 – 15 minutes.
Rinse Rinse in lukewarm water until the water runs clear. The dye does not have the sharp odour of conventional treatments. A fruity/floral fragrance lasts from application through to rinsing.

Rishiri Hair Color Treatment NET.40g JPY 500

Fluffy finish color treatment gradually creates natural hair color as it is used. Please note that this product is not the same as other hair dyes on the market which dye the hair completely with one application. It is a color treatment that gradually dyes the hair as you continue to use it so there may be cases in which finish varies depending on hair type. This product contains natural ingredients* therefore finish may vary depending on shampoo ingredients, etc.
 *natural ingredients= laminaria ochotensis extract, palmitic acid, castor oil, soybean oil, etc.
